6. Reports:

a. Stewardship Committee – Stewardship Co-Chairs Greg Lemieux and Ariel Iyer-Smith provided a brief overview of the “Cultivating our Expressions of Love” 2025 Stewardship theme. This year’s Stewardship goal is \$525,000, an increase of 5% from last year.

b. Freestone Oversight Committee (FOC) – Beth Pollard, co-chair of the FOC, reviewed the March 2023 resolution that pertained to the Freestone property. The congregation’s 2023 resolution called for funding to be raised for repairs and improvements to Freestone within specified timelines, called milestones. This fundraising and improvement work itself is being carried out by the Freestone Committee.

The first milestone was to raise \$250,000 by December 1, 2024. A first phase of repairs and improvements are to have County building permits by June 1 of this year, and be completed by June 1 of next year. A second phase of repairs and improvements are to be completed by June 1, 2027. Additionally, ongoing Freestone costs are not to exceed \$10,000 a year starting this July 1, unless otherwise authorized by the Board. The resolution called for the Board to list the entire property for sale if milestones were not met.

In December, the FOC recommended and the Board authorized allowing until April 1, 2025 for the \$250,000 to be raised, primarily due to the pending drilling of a well that - if successful would allow the sale of Lots 1 & 2 to generate the required funds. That drilling has not yet taken place, making the chances to meet the April 1 deadline very slim.

The Freestone Oversight Committee will make the recommendation at the Board's March meeting that the April 1 deadline, and other milestones, remain in place unless extended through approval of the congregation.

Without raising \$250,000 by April 1 or without approval of one or more milestone extensions – which the Oversight Committee recommends can only be authorized by the congregation, the entire Freestone property will be listed for sale in April.

The Freestone Oversight Committee emphasized their respect for variety in perspectives about the Freestone property and respect for the investments of time, talent, and treasure made by the Freestone Committee and other church members into this retreat property. They also strive to uphold the integrity of the congregation's direction in its March 2023 resolution that was crafted through a year-long deliberative process.
